## 2015 SDSS-IV Demographics

---

Welcome! Once again, the SDSS is surveying the basic demographics of the Collaboration's membership and leadership. Building off the 2014 SDSS-IV Demographics Survey (Lundgren et al. 2015), the goal is to track changes in SDSS-IV's makeup over time. In addition, several new questions have been added to this 2015 Demographics Survey in response to feedback from SDSS-IV members. The results of these and future surveys will (1) assist the Collaboration in understanding the involvement of its members, and (2) assist all members in taking maximum advantage of the opportunities offered within SDSS. We welcome and appreciate the help of ALL SDSS-IV participants, regardless of level of involvement, in sharing their experiences and gathering a large sample!

For the purposes of this survey, we intend "leadership" and "leadership role" to refer to any role whose tasks or responsibilities include making decisions that affect other people and the survey, organizing regular project discussions or meetings, professional mentoring, or influencing/directing others in their tasks.

**ALL QUESTIONS ARE OPTIONAL**, but each will help address specific concerns of the Sloan Foundation and the SDSS-IV's leadership and project committees. We also emphasize that, besides the responses provided in this survey, no identifying or personal information is transmitted.

Thank you!
